Start the morning early with a workout on our sun deck at our next anchorage point of Punta Espinoza, part of a huge lava flow formed from one of the many eruptions of the La Cumbre volcano, known to be one of the most active volcanoes in the world. The region is famous for its large colonies of marine iguanas, flightless cormorants, and lizards. We might come across Galapagos penguins, Galapagos hawks, and snakes as well. You will spend the morning on shore with the option to snorkel before returning to the yacht for a sumptuous lunch.

As Aqua Mare crosses the Bolivar Channel back towards Isabela Island, prepare to channel your inner pirate for the afternoon excursion visiting Caleta Tagus, once a favorite anchorage spot for pirates and whalers. Here we will hike to see Darwin Lake, a saltwater lake trapped inside a tuff cone. If you would rather not hike, you can take your pick from our four double kayaks, snorkeling, stand-up paddle boarding, or a ride on our elegant black tenders to explore the cove and its surroundings. Return to the yacht for evening sundowners and head to the bridge after dinner for a chat with our captain as we cross the equatorial line twice.

We head back to the yacht for lunch encompassing flavors of the South American Pacific coast through specially prepared dishes like the linguine ai frutti di mare. Next, disembark on the black sand beaches of Puerto Egas, northwest of Santiago Island. You will be able to walk the intertidal zone to the fur seal grottos or snorkel to watch sea turtles, sea lions, and white-tipped sharks.

Wind down back onboard with Happy Hour over a glass of our special Aqua Bloody Mare as the crew prepares for departure to our next adventure.

Day 13 Wednesday RÁBIDA ISLAND AND CALETA TORTUGA NEGRA, SANTA CRUZ ISLAND 

Awake to the sounds of nature and a fresh breakfast before departing by tender to Rábida Island, also known as the red island. The color is the result of oxidation of very old porous lava. After a delicious lunch, you can listen to an afternoon lecture presented by our expert guides in the panoramic lounge. The Aqua Mare will sail towards the north of Santa Cruz Island, to Caleta Tortuga Negra, a mangrove estuary that is home to sea turtles. This is a tender ride excursion as there is no landing site, but you will be able to spot green sea turtles, as well as blacktip and Galapagos sharks. End this glorious day discovering more of our signature cuisine courtesy of Chef Pedro Miguel Schiaffino.

Day 14 Thursday SEYMOUR NORTE ISLAND AND MOSQUERA ISLAND 

Your penultimate day in the Archipelago begins with refreshing breakfast before heading out to Seymour Norte Island, formed by uprisings of underwater volcanic lavas some 3.1 million years ago. The island is mostly known for its healthy population of land iguanas, blue-footed boobies, swallow-tailed gulls, and great frigate birds. After a morning full of fun activities, you will head back to the yacht for a delicious lunch aboard Aqua Mare.

For the afternoon excursion, hop on to one of our tenders for a wet landing onto Mosquera Island. Although it's one of the smallest in the archipelago, Mosquera Island is one of the hotspots for spotting sea lions. Around sunset you will return to the sleek comfort of Aqua Mare for your last evening aboard. Swap notes on everything you've experienced during this most incredible adventure with your friends onboard and toast farewell with something special from our curated wine list.
